*Invitation letter sent by e-mail only*

## **Subject: Webinar Preparing for the FuelEU Maritime Regulation**

**Dear Sir/Madam,**

The European Commission's Directorate General for Mobility and Transport (DG MOVE) and the European Maritime Safety Agency (EMSA) are pleased to invite you to a webinar on *Preparing for FuelEU Maritime Regulation* that will take place on **04<sup>th</sup> June 2024** via Webex.

The Webinar will consist of a Morning Session at 10:00-11:30 CET and an Afternoon Session at 16h30-18h00 CET. The two sessions are organised to accommodate participants calling-in from different time zones and their content will be the same.

In the context of the 'Fit for 55' legislative package, the European Union adopted the FuelEU Maritime Regulation ([Regulation \(EU\) 2023/1805](#)) to promote the use of renewable, low-carbon fuels and clean energy technologies for ships, essential to support decarbonisation in the sector. With this Webinar the European Commission and EMSA would like to present how shipping companies need to prepare for the first steps for Fuel Maritime Regulation, namely the preparation and submission of FuelEU Monitoring Plans.

This webinar aims to inform entities regulated by the FuelEU Maritime Regulation and will be open for registration exclusively to current THETIS-MRV users.

Participants are invited to register on-line for one of the two sessions of the event by **30 May 2024** at the latest through the following link: <https://extranet.emsa.europa.eu/e-register/fueleu2><sup>1</sup>.

Please log-in using the following credentials:

Username: fueleu

Password: VyJ2MtX5

Please note that the registration process is personal and will allow individual access for the email recipients only. Webex links will be provided within capacity limits to registered participants on a first-come-first-served basis.

The agenda of the event will be published on EMSA website in the coming days.

In the meantime, you may want to consult updated additional information on MOVE's [Decarbonising maritime transport – FuelEU Maritime - webpage](#), the [Reducing GHG emissions - EMSA](#) and [News & Activities - EMSA](#)

For any further questions related to on-line registration please contact the Events Team (e-mail: [events@emsa.europa.eu](mailto:events@emsa.europa.eu)).
