

Lisbon, 19 June 2024

Invitation letter sent by e-mail only

Subject: Webinar FuelEU Maritime Monitoring Plan

Dear Sir/Madam,

The European Commission's Directorate General for Mobility and Transport (MOVE) and the European Maritime Safety Agency (EMSA) are pleased to invite you to a webinar on *FuelEU Maritime Monitoring Plan* that will take place on **23rd July 2024** via Webex.

In the context of the 'Fit for 55' legislative package, the European Union adopted the FuelEU Maritime Regulation ([Regulation \(EU\) 2023/1805](#)) to promote the use of renewable, low-carbon fuels and clean energy technologies for ships, essential to support decarbonisation in the sector. With this Webinar the European Commission and EMSA would like to present an update of the implementation of Fuel Maritime Regulation, followed by a presentation and a live demo of the THETIS-MRV to present how companies could do the submission of FuelEU Monitoring Plans.

This webinar aims to raise awareness on entities regulated by FuelEU maritime regulation and will be open for registration exclusively to current THETIS-MRV users.

Participants are invited to register on-line for the event by **15th July 2024** at the latest through the following link: <https://extranet.emsa.europa.eu/e-register/fueleu>¹.

Please log-in using the following credentials:

Username: fueleu

Password: VyJ2MtX5

Please note that the registration process is personal and will allow individual access for the email recipients only.

The agenda of the event will be published on EMSA website in the upcoming days.

¹ The processing of personal data by EMSA, like in all the Union institutions and bodies, is regulated by Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions. The applicable rules related to personal data protection are available under the following link: <http://emsanet/index.php/personal-data-protection.html>

In the meantime, you may want to consult updated additional information on MOVE's [Decarbonising maritime transport – FuelEU Maritime - webpage](#), the [Reducing GHG emissions - EMSA](#) and [News & Activities - EMSA](#)

For any further questions related to on-line registration please contact the Events Team (e-mail: events@emsa.europa.eu).

Yours sincerely,

e-signed
